The prices indicated are recommended retail prices of the manufacturer. The prices quoted include the statutory value added tax applicable at the time and, if applicable, other legally prescribed calculation factors or taxes which may also be shown separately. The prices are (depending on the country) exclusive of the costs for registration papers, delivery and transport, unless expressly stated otherwise.

After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer.

*Please also note the information in the current KNAUS price list 2021, in particular regarding weights, loading possibilities and tolerances, as well as the information on standard equipment and the information on the optional equipment contained in the special model (including weight specifications).

The included optional equipment increases the mass of the standard vehicle. Comparison model: VAN TI PLUS 650 MEG on MAN TGE. Errors and misprints are reserved. Illustrations similar. Please seek advice on further details at your KNAUS specialist dealer.
